Application/Control Number: 10/604,041

Art Unit: 2828

Election/Restrictions

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-10 and 31-35, drawn to a retro-reflective etalon comprising an etalon filter, at least one polorization rotators, two linear polarizers and end mirror reflector or one cavity compensator, classified in class 356, subclass 519.
 - II. Claims 11-30, drawn to a frequency tunable laser cavity comprising a gain chip, at least an R-etalon, and/or a cavity phoase compensator, classified in class 372, subclass 92.

Inventions I and II are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because the frequency tunable laser cavity does not require retro-reflective etalons as recited in the subcombination, it could use any etalon that provides retro-reflective feature and can be called R-etalon.

Art Unit: 2828

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phillip Nguyen whose telephone number is 571-272-1947. The examiner can normally be reached on 8:30 AM - 5:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Minsun O. Harvey can be reached on 571-272-1835. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
